Activity cube

Get creative and get active!

Make your own activity cube!

You will need to make a cube template like the one provided. Think of 6 fun and active actions for example, star jumps, animal walk, push ups. You will then need to write down 6 actions on each side of the cube and Sellotape or glue the cube together.

Once you have your cube take it in turns with a sibling, parent, friend or on your own. Roll the cube and see what action it lands on. Perform that action a number of times. It's up to you how many times you do this 5 times is always a good start.

Make it competitive!

The first person to perform all six actions is the winner or time your self to see how fast you can roll all six actions!

What will you need?

Pens or pencil's

paper or card

Sellotape or Glue

How do I gain credits for this Children's University activity?

Simply take part in the activity and evidence your wonderful work. Make a note of the special 'Activity Stamp Code' at the bottom of this page and take it into school. If you have a Passport to Learning call the Activity '*Enrich Education Online*' and write down the activity code in the '*Stamp of Approval*' section.
