

Make a Shape

Make a shape is a fast paced reaction game that can improve your reaction speed!

Make a list of different 2D shapes starting with ones that have 3 sides and then carry on up to 6 or eight sides.

Set out your first shape by using different coloured items, these may be socks, tins or coloured pencils or pens.

Have a partner, sibling or parent start a 1 minute timer and then call out the different colours or the objects.

Its your job to touch the object and get back to the middle of the shape, see how many you can do in a minute.

Once you have done this make a new shape and repeat the game! It get very tricky when you have 8 sides!

What you will need?

Pen or pencils

Paper

Eight different coloured objects

How do I gain credits for this Children's University activity?

Simply take part in the activity and evidence your wonderful work. Make a note of the special 'Activity Stamp Code' at the bottom of this page and take it into school. If you have a Passport to Learning call the Activity '*Enrich Education Online*' and write down the activity code in the '*Stamp of Approval*' section.
